Happy 2021!

Welcome to your first newsletter for the year - it's short and sweet, so we don't take up too much of your precious last days of summer holidays :)

It was terrific to catch up with so many Launceston members before Christmas, and I'm really looking forward to seeing more of you right across the state as I return to work from my maternity leave.

First up, I'll be heading to Hobart in February to support our cricketers and coach Liam Devlin in the North vs South match. We're so appreciative of the efforts made by Cricket Tasmania to ensure a terrific competition in the absence of the National Inclusion Carnival this year.

My fingers are crossed that as sporting and recreational activities become less and less interrupted by Covid, the cricket marks just the start of a busy year of action for us all!

I'll be back later in the month with more in-depth news on what you can expect from New Horizons in 2021. In the mean-time, enjoy the rest of summer!

Belinda 😊

SESSION FEE CHANGES

We've taken on board the feedback that many of you have shared over the past few years around the inconvenience of paying per session. From Term one 2021, NHT will be charging participants for each activity per term and invoicing for payment, rather than taking cash weekly. Members will still have the option to attend casually and pay per session, however there will be an increased charge to do so (\$10 per session). If this is your preferred method of attendance, please be aware that for programs already near or at capacity, term bookings will receive preference.
